

TATERS BARREL SELECT CLUB

Taters is proud to offer a limited number of memberships into the Taters Barrel Select Club. These members will join our existing donors within our Founders Circle to receive the first rights to purchase Taters bottles. While we intend to select some great bottles, we believe that the true benefit comes in supporting Taters and contributing to its growth. The club will not be comprised of individuals solely looking to chase the next desirable bottle. Rather, membership comes with a commitment to being a contributing member of Taters through time, talent and/or treasure.

Members of the barrel club will make an introductory donation into the Hoosier Spirit Fund in the amount of \$50 (more is certainly welcome!). Thereafter members must commit to purchasing the next Taters bottle. At times bottles may be sold directly by a retailer. Other times (perhaps the demand of the bottle!) Taters may be required to purchase bottles in advance. As we learn of opportunities, Taters will communicate details and payment terms to members.

A wait list has been created for the club as membership is in extremely high demand. Any member that fails to purchase their bottle will forfeit their right to purchase the next available bottle. Failure to purchase two consecutive Taters bottles offered to a member will result in their removal from the Club. The Board reserves the right to remove members for inappropriate conduct. Members will ensure their bottles will not be resold for profit; however charitable fundraising is allowed. Taters does not ship or deliver products. It will be the member's responsibility to pick up bottle(s) or make accommodations with another member to do so within two weeks. Keep in mind that the club only works if we can promise a retailer a commitment to purchasing a certain amount of product – and without being an extra burden!

* * *

Taters, Inc. is an Indiana nonprofit organization formed exclusively for public or charitable purposes, as set forth in sections 170(c)(2)(B) and 501(c)(3) of the Internal Revenue Code of 1986. Its mission is to harness the enthusiasm and generosity of the bourbon world for the greater good of the community. The bourbon community is one of the most generous ones around. We believe that its continued growth will greatly benefit the public and nonprofit sectors of Northeast Indiana through the generosity of those that gather to enjoy great whiskey.
